

Michael Peter Lloyd FlinstLM, MChMI – Biography

Prior to joining COOEC Subsea in China, Michael was employed worldwide in a variety of diving and deep-water WROV supervisory management roles for various multi-national subsea engineering contractors

As a qualified Competence Assessor/Internal Verifier he developed and implemented competence assurance schemes for offshore contractors' Technip and McDermott International. He was an IMCA core committee member for 7 years and a Canadian CSA Z275 committee affiliate

Changing direction to work for major OGP companies Michael held client authorised representative and subsea assurance positions globally for Talisman Energy and Shell Oil in the UK, Shell (BSP) in Brunei Darussalam, BP in Azerbaijan, Pertamina in Indonesia and CNOOC/CACT in China

Michael is a Fellow of the Institute of Leadership & Management and a Member of the Chartered Management Institute. His move from executive project management into international business development demonstrates COOEC Subsea's vision and future global intention
